

## **Newspaper Notice for Coastal Development Permit Application Hearing**

Pursuant to Title 14, California Code of Regulations Section 13063, the following application for a coastal development permit qualifies for a newspaper notice in lieu of providing mailed notice to all residents, owners and occupants of property located within 100 feet (not including roads) of the perimeter of the parcel(s) on which the proposed development is located. However, all persons known to the applicant to be interested in the application, including those persons who testified at or submitted written comments for the local hearing (s) shall still be notified by individual mailed notice. In addition, at the time the application was submitted for filing, the applicant was required to post the site of the proposed development, in conspicuous place(s) easily accessible to the public, a notice that an application for the proposed development has been submitted to the Commission (such notice shall contain a general description of the proposed development).

The Executive Director has determined that it is reasonable to expect adequate or better notice to adjacent residents, owners, leases and known interested parties through newspaper publication, only if: a) such newspaper notice is published at least ten days prior to the hearing date, b) such newspaper notice is at least ¼ page in size (this is a suggestion, you may discuss using a different size with the analyst assigned to work with you on your project), c) at least two newspapers, preferably three, publish the notice for at least one day and include at least one newspaper of regional circulation (e.g. Los Angeles Times) and one of local circulation, and d) the following information is included in each newspaper notice:
